Dear Jason:

Thank you again for extending your time and expertise at our Leadership Conference. As stated in earlier correspondence, you made a definite impact on those who came to hear you, so much so that we have had numerous requests from high schools wanting to obtain a copy of the conference on video. Also, our Advisory Board is desirous to show it on our educational TV channels. This letter is to request your permission for us to copy the video for use in the high schools and on educational TV. The only cost to the schools will be for copying and mailing. We appreciate your consideration in this matter. If permission is granted, please sign below and return this form in the envelope enclosed for your convenience.

Sincerely,

A handwritten signature in black ink, appearing to read 'Wesley M. Bitters', written over a horizontal line.
