TO WHOM IT MAY CONCERN:

This letter is to extend my personal recommendation for Jason Hewlett.

Mr. Hewlett very successfully captivated an audience of over 200 Zions Bank Senior Managers at our Semi Annual Conference this summer, and again a second evening of over 250 legislators and city officials. Jason's subject matter and humor would be suited to almost any age or audience, without concern at all. We had nothing but positive feedback at the close of each evening.

Jason has been very professional to work with in every regard and I would not hesitate in recommending him to anyone or any corporation.

Sincerely,
