

Jason,

Once again thank you for the wonderful entertainment you provided Friday evening. Employees are still talking about it. They start talking and then they burst into laughter. Our CFO said it is the best party we've ever had. Thank you!

I will get back with you shortly regarding the party planning seminar I spoke to you about. It is scheduled for the 2nd Tuesday in March. You mentioned you have ideas of other entertainers as well. I want to get as many ideas out to the employer community. This will be helpful to both employers and entertainers. Today I had an employee call for your contact information. He and his brother-in-law were sharing Christmas party stories. I guess the brother-in-law's party was a disaster. They wanted your information for next year. It is Jones Paint and Glass.

We'll be in touch. Thank you again.
